

# Moreland Program Guide

Explore your options with our 9-month TEACH-NOW Teacher Preparation Certificate Program and our master's degrees.

# Welcome

Thank you for your interest in Moreland University.

Whether you're a new educator seeking to earn a professional certification or a seasoned veteran looking to earn a master's degree, I hope you find this guide useful as you explore your options.

Our mission at Moreland is this: *"Teaching teachers around the world to be resourceful problem solvers and tech-savvy educators through an online, collaborative, activity-based learning system designed for tomorrow's students in a dynamic and diverse world."*

It's a calling we take seriously, because "teacher" is one of the most important jobs in the world.

To date, we have enrolled more than 10,000 educators from 165 different countries. Our candidates graduate from our programs as better educators and stronger leaders. They go on to make a lasting difference in their schools, districts, and communities. They change student lives for the better.

I wish you luck on your journey in education. Thank you for considering Moreland University to play a part. We are honored.

Sincerely,

Susanne H. Thompson, Ed.D.

President, Moreland University

“

It’s been really neat to see my students grab ahold of information and be able to work with tools and technology that they wouldn’t have had an opportunity [to use otherwise]. I feel like Moreland has given me the tools to help further their experience and education — and my education — in the classroom.

# TEACH-NOW Program

Earn your professional teaching certification in as little as 9 months with our TEACH-NOW Teacher Preparation Certificate Program. From there, you have the option to add on a master's degree in just 3 additional months.

9 months total

Fully accredited

100% online

Monthly start dates

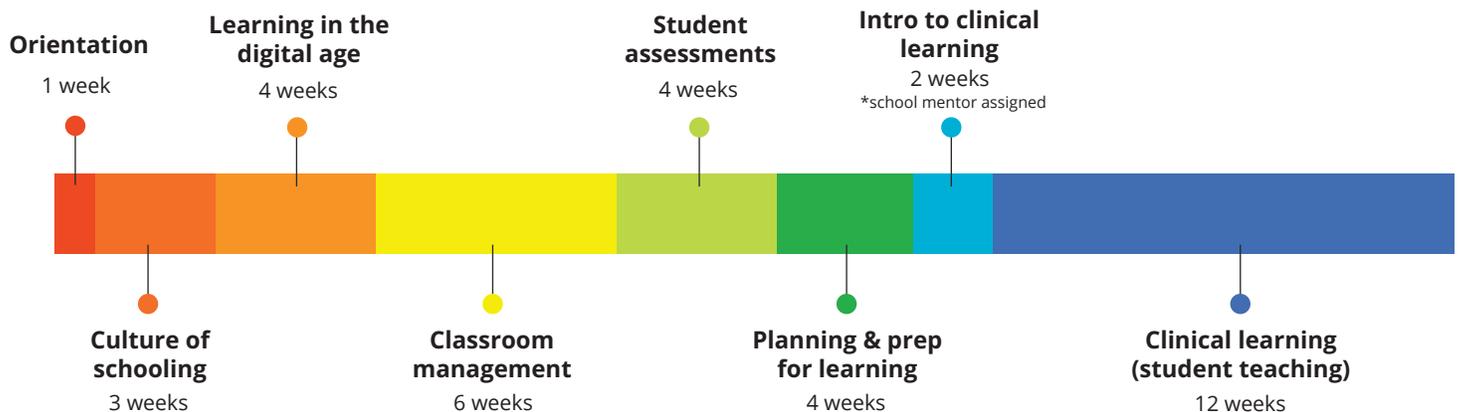

Global cohort model

## Program Overview

In the TEACH-NOW program, you'll join a small cohort with educators from around the world. Much of your work will be asynchronous, in our online platform, but you will also have a live, virtual class once a week. You choose the day and time of your virtual class.

Clinical learning (student teaching) is included in the program. If you're already teaching in a school, you can do your student teaching in your current classroom. If you're not, we'll work with you to find a placement. You'll also have a dedicated mentor and will receive test prep for your licensure exams.

## Program Timeline

# Master's in Education with Teaching Certificate

Earn your professional teaching certification and your M.Ed. in as little as 12 months.

“

I tell everybody this when I talk about Moreland: They were my saving grace, because I was about to walk away from education. ... I had the best teacher ever [at Moreland]. She gave me so many strategies, she pushed me, and I excel because of her guidance and leadership.

# Don't just take our word...

“

Moreland has really helped me understand more of the classroom setting. TEACH-NOW gives you leniency in that you're online and you're able to do things at your pace. But it also gives you a foundation, a core understanding of what needs to happen for a successful classroom.

“

I would wholeheartedly recommend Moreland's TEACH-NOW program. Not only is it flexible, not only is it engaging, but it really does prepare you to enter the classroom successfully. ... One thing I loved most was engaging with colleagues from around the world. It opened my eyes to education from multiple lenses, and I think that was one of my greatest takeaways.

“

It shifted my perspective. It gave me a different set of eyes. It's not just Miss Miya the teacher who's looking at things, now it's Miss Miya the leader, who has a very different perspective. ... I'm very proud to be a graduate from Moreland. It really is one of my greatest achievements.

“

Moreland was able to fit neatly into my already busy schedule, so I could improve my skills without it taking me off track. I've been able to continue working. I've been able to do both online and classroom teaching, look after my kids, and still complete my course.
